Bleed
Any elements that stop at the edge of the document must extend into the 'bleed area', 1/16" past the Trim on all sides.

Trim
Where the bag will be cut.

Safe Area
We recommend important text and graphics remain inside the green lines to avoid being trimmed or folded.

Fold
Where the bag will fold.

Heat Seal
Color variation can occur in heat seal areas.

Cut Tolerance
To account for our cut tolerance, we recommend the design match from one side of the bag to the other.
